A new building for the Government girls school at Shimoga

Summary of discussion — (1) A new building may be kindly constructed for the Government girls school at Shimoga

(2) The present rented building for the Government girls school is situated in an insanitary and congested locality which is quite unsuited for a public school. A new building in an unobjectionable locality may kindly be ordered to be constructed at an early date

(3) Information is prayed for as to whether any new building is proposed to be built for the girls school and if so whether any and what site has been chosen for the purpose

(4) It is learnt that on the site occupied by the old taluk cutcherry building and the adjacent houses the new girls school at Shimoga is intended to be built. The selected site is in a very insanitary locality where plague cases occur every year. It seems desirable to build it on the vacant site between the Anglo Vernacular school and the taluk office
